## Minnesota Golf Rounds Fore Research 2017

### Benefits of Your Donation

The proceeds from this event fund scientific research for the protection, development and care of turf grass as well as new low input environmentally sensitive turf grass varieties. The MGCSA has been a strong supporter of the University of Minnesota's Turfgrass Research, Outreach and Education Center. Your support of this event will continue locally focused turf grass research which will improve the game of golf.

### Golf Certificates Only

In years past, the *Rounds Fore Research* event was the sale of tee times at preeminent clubs across the state. Many requested the format be changed to golf certificates, one round for a foursome with carts, to better accommodate busy schedules and offer more flexibility. With the help of the Midwest Chapter of the Club Managers Association and Minnesota Professional Golfers Association and the MGA we have met your appeal.
